### **Themes of the day:**

“Phase 2” in the life of the Reference Group no longer includes an academic purpose and the objective of this meeting is to re-inaugurate and ultimately rename the group. To do this, we will brainstorm on a new objective of the group as well as how the group should be organized

We will discuss how the group can continue to add value through addressing offshore wind logistics matters as well as innovation projects. Also, we will discuss the value added from the networking events conducted twice per year

We will brainstorm about whether the group is correctly structured from a geographical and member base perspective or whether the group ought to be expanded

### **Participating Reference Group organizations:**

Danish Shipping (formerly the Danish Shipowners’ Association), Ørsted, Siemens Gamesa Renewable Energy, BBC Chartering, DHL Global Forwarding Industrial Projects, Head Energy, Energy Innovation Cluster (formerly Offshoreenergy.dk), MHI Vestas, Eltronic/AH Industries, NorSea Wind, DIS, and TINV.

### **Supporting Reference Group organizations:**

House of Energy, A.P. Møller-Mærsk, Per Aarsleff, Port of Esbjerg, and FTI Consulting.

Several guest organizations are expected.
