

# Wind Logistics Group

*Continuation of Global Wind Energy Shipping and Logistics PhD research project company Reference Group*

## Purpose and way of working

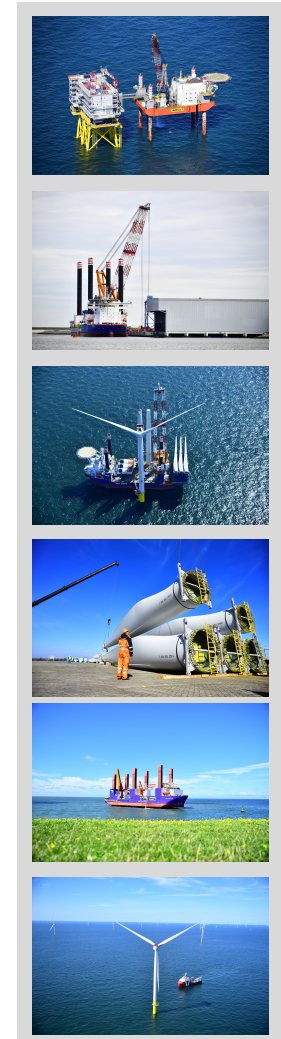

*Free background document*

*May, 2021*

---

## Our purpose

- **Scope:**
  - Onshore and offshore wind shipping and logistics (jointly "wind logistics")
- **Frequency:**
  - Objective is to meet 2x /year
    - ✓ Our goal is to have an internal meeting in our group
    - ✓ We also target an "after work" session open to the public, after our meeting
- **Purpose:**
  - Primary purpose is to work on relevant and value creating projects across the supply chain
    - ✓ When projects are formalized, external funding is sought and the projects implemented separately
  - Secondary focus is networking (after the regular Wind Logistics Group meetings)

# Our way of working

## *Value vs investment is why companies join...*

Upstream work on new ideas and projects in "cross supply chain" forum

Contribution of own time and transportation to attend meetings

Opportunity to realize projects and create relations in smaller groups

- **Better:**

- Health, safety, security, quality, processes, organization

- **Higher:**

- Revenue,

- **Greater:**

- Logistics synergies

- **More:**

- Standardization, digitalization, innovation

- **Lower:**

- Cost

- **Shorter:**

- Time spent

# Join up
